## TRANSFORMING CHURCH: A VISIONING WORKSHOP

- ▶ **Transforming Church:** A blueprint for all churches seeking God's design. Leveraging your church's unique foundation to maximize impact and partner with God to transform lives and our world.
- ▶ **The Leadership Triangle:** The three questions every leader must answer when leading a congregation through change.
- ▶ **Missional Engagement:** Unleashing every member in missional ministry. The church doesn't have a mission ... the mission has a church!

***Transforming Church: A Visioning Workshop*** is the result of LFM's work with hundreds of churches across the United States and unprecedented research through the *Transforming Church Insight* congregational survey.

Kevin Ford, Chief Catalyst for LFM, has served as an organizational consultant for some of the largest organizations in the United States, but his passion has always been for the local church. He published *Transforming Church* (David C. Cook) in 2008 and has consulted with hundreds of pastors and churches across North America with average weekly attendance of less than 100 to more than 25,000. **For more information, please contact Sunny Allen at [sallen@lfmconnect.org](mailto:sallen@lfmconnect.org).**
